NATIONAL INDUSTRIAL RECOVERY BOARD,
By W. A. HARRIMAN, *Administrative Officer*.

Approval recommended:

JOHN W. UPP,
Acting Division Administrator.

WASHINGTON, D. C.,

May 8, 1935.

REPORT TO THE PRESIDENT

The PRESIDENT,

The White House.

SIR: An application has been duly made pursuant to and in full compliance with the provisions of the National Industrial Recovery Act for an amendment to the Code of Fair Competition for the Medium and Low Priced Jewelry Manufacturing Industry, submitted by the Code Authority for the Medium and Low Priced Jewelry Manufacturing Industry.

The purpose and effect of the amendment are to establish an equitable and just method of electing the Code Authority.

The following facts have been developed:

1. The present Section 1 (a) of Article VII provides:

“(a) The Code Authority shall consist of the Council of Jewelry and Allied Industries and one member of the Precious Jewelry Producing Industry.”

2. As the membership of the Council of Jewelry and Allied Industries consists of seven hundred (700) members, this provision, if left in the Code, would provide for a Code Authority of seven hundred (700) members.

3. This, obviously, would set up a Code Authority that would be unworkable and was not the original intent when this section was written.

4. This amendment will provide for a specified number of Industry members, to serve as a Code Authority, as well as establish a method of selection.

The Deputy Administrator in his final report to the National Industrial Recovery Board on said amendment to said Code having found as herein set forth and on the basis of all the proceedings in this matter:

It is found that:

(a) The amendment to said Code and the Code as amended are well designed to promote the policies and purposes of Title I of the National Industrial Recovery Act including the removal of obstructions to the free flow of interstate and foreign commerce which tend to diminish the amount thereof, and will provide for the general welfare by promoting the organization of industry for the purpose of cooperative action among trade groups, by inducing and maintaining united action of labor and management under adequate governmental sanction and supervision, by eliminating unfair competitive practices, by promoting the fullest possible utilization of the present productive capacity of the industries, by avoiding undue restrictions of production (except as may be temporarily required) by increasing the consumption of industrial and agricultural products through increasing purchasing power, by

reducing and relieving unemployment, by improving standards of labor, and by otherwise rehabilitating industry.

(b) The Code as amended complies in all respects with the pertinent provisions of said Title of said Act, including without limitation Subsection (a) of Section 3, Subsection (a) of Section 7 and Subsection (b) of Section 10 thereof.

(c) The Code empowers the Code Authority to present the aforesaid amendment on behalf of the industry as a whole.

(d) The Amendment and the Code as amended are not designed to and will not permit monopolies or monopolistic practices.

(e) The Amendment and the Code as amended are not designed to and will not eliminate or oppress small enterprises and will not operate to discriminate against them.

(f) Those engaged in other steps of the economic process have not been deprived of the right to be heard prior to approval of said Amendment.

For these reasons, therefore, this amendment has been approved.
For the National Industrial Recovery Board:

W. A. HARRIMAN,
Administrative Officer.
